## **Wolwekraal Nature Reserve Open Day**

WHEN Saturday 10 October 2015

WHERE: Meet at the Markie at 11.30. Drive 5 km to Wolwekraal Nature Reserve

### WHO AND WHAT

Dr Judy Maguire, well known palaeontologist and cultural history specialist, will lead a short excursion on the Nature Reserve. Open day participants will spend about an hour in the veld where Judy will discuss the cultural origins of bare patches, worked stone, pottery and other artefacts on the banks of the Dorpsrivier. She will describe pre-European life styles and economies in the Prince Albert area, and the importance of the Dorpsrivier to game, livestock and people. Sue and Richard Dean will be available to answer questions about plants and animals in the area. A donation to the Wolwekraal Conservation and Research Organisation, that manages the Nature Reserve and environmental education activities there, would be much appreciated.
